Overview

The mission of A. Philip Randolph Campus High School (APRCHS) is to provide the highest quality education to public high school students in order to provide them with the skills and experiences necessary to prepare them to succeed in our nation's top competitive colleges and universities. APRCHS provides its students with the opportunity to pursue academic excellence by participating in advanced courses of study in our medical, engineering, and humanities academies. Students in the academies are expected to complete rigorous coursework in their respective fields that will better prepare them for their collegiate experiences in these areas. Students who distinguish themselves in their coursework have the opportunity to enroll in free college courses through The City College of New York (CCNY) and Touro Colleges, participate in special programs such as the Gateway pre-med honors society, and apply for internships. APRCHS offers a wide range of extracurricular and athletic activities to broaden and engage our students outside of the classroom. Our after-school activities range from activities such as musical and arts productions to exciting Science, Technology, Engineering, and Mathematics (STEM) activities such as the FIRST robotics competition. APRCHS offers a full range of PSAL-endorsed sports such as varsity baseball, basketball, track, lacrosse, soccer, swimming, volleyball, and wrestling.

Overview

Our CTE school prepares students to design and create the next generation of software and applications. Partnering directly with NYC's technology and entrepreneurial community, students learn advanced computing skills and use cutting-edge equipment to foster innovations in the arts, sciences, and business. Individualized academic support, hands-on learning experiences and career mentoring ensure every student's personalized pathway to college, career and life. Our students represent tomorrow's inquisitive problem-solvers, collaborative leaders, and innovative entrepreneurs—the young people who dare to dream that anything is possible through software, design, technology and the human spirit.

Overview

For over seventy years, Art and Design High School has nurtured talented students through its extensive art program to become accomplished professionals. Located in the heart of New York City’s cultural center, we are a community of scholars dedicated to fostering the creative and academic talents of each of our gifted art students. We are nationally known for our design programs in architecture, fashion design, graphic design, illustration and digital photography and video technology. Graduates from our school are leaders in the field of art and the community at large.

Academic Opportunities

Program Highlights: Program majors offered: Architectural Design, Commercial Photography, Film and Video Production, Cartooning and Animation, Fashion and Costume Design, Illustration and Graphic Design. Art instruction time: 90-130 minutes daily; Program Partnership with the School of Visual Arts where students can earn up to 4 credits in art as juniors and seniors; Partnerships with The Metropolitan Museum of Art, MOMA, Frick Museum; Tribeca partnership at the school for film instruction; Internship program through Work-Based Learning (WBL); Partner school of Exploring the Arts offering students internships and apprenticeships as well as scholarships; PENCIL partner; College Now, Portfolio Development, Professional Mentoring with AIGA.

Overview

Bard High School Early College Manhattan (BHSEC Manhattan) was founded on the belief that many students are ready to do serious college work at age sixteen. Bard College partnered with the NYC Department of Education to create an innovative program that enables high school students to move, in four years, from 9th grade through the first two years of college, earning a high school diploma, up to 60 college credits and an Associate of Arts degree upon graduation.

Academic Opportunities

Program Highlights: In the first two years at BHSEC, students undertake a course of study designed to provide a grounding in mathematics, science, history, English and foreign language. They participate in a variety of arts classes and complete state requirements in Physical Education and Health. Students’ work in the college program builds on their high school studies. BHSEC offers a variety of college courses, as well as the opportunity for students to engage in independent studies of their own design. Students must complete 60 college credits to receive the Bard College AA degree. Our curriculum is designed to enable students to transfer to colleges and universities with up to two years of college credit.

Language Classes: Chinese (Mandarin), Latin, Spanish

Online Language Classes: N/A

Advanced Placement Classes: N/A

Online Advanced Placement Classes: N/A

Extracurricular Activities and Clubs

Bard Bulletin online newspaper, *Bardvark* student newspaper, Art Magazine, Asian Culture, BHSEC Connect, BHSEC Literary Magazine, BHSEC Student Activist Network, BHSEC Student's Union, Book Club, Break Dance, CAFE performances, Chinese Language and Culture, Current Events, Debate, ECO, Film, Future Doctors and Scientists of America (FDSA), Karaoke, Literary Magazine, MAC (Making A Change), Mock Trial, Model United Nations, Muslim Students Association, Philosophy, Step Team, Swim, Table Tennis, Theater Production, Winter and Spring Concerts, Yearbook

PSAL Sports – Boys: Basketball, Soccer, Tennis

PSAL Sports – Girls: Basketball, Soccer, Tennis, Volleyball

PSAL Sports – Co-ed: Outdoor Track

School Sports: Co-ed Ultimate Frisbee

Admissions Priorities and Programs

Admissions Priorities

1. Open to New York City residents

2013-2014 Assessment Information

- To be considered for admission to Bard High School Early College (and/or Queens Campus), student report cards should reflect a cumulative average of an 85 or above in English, Math, Science, and Social Studies.
- All students wishing to be considered for admission to Bard High School Early College (and/or Queens Campus) must register online via the school's website at www.bard.edu/bhsec. Registration for the assessment begins September 3, 2013.
- Students may apply to both schools. They must, however, indicate each one as a separate choice on the Department of Education High School Application.
- Students only need to take one assessment in order to apply to either or both schools. The assessment may be taken in either our Manhattan or Queens location.
- Students who demonstrate strong abilities in their grades and the assessment will be invited to an interview at BHSEC. Students receive an email invitation for an interview.
- When evaluating applicants, BHSEC seeks to build an incoming 9th grade class that is representative of the entire City of New York.

Overview

Beacon High School offers an inquiry-based program with technology and arts infused throughout the curriculum. We emphasize a challenging well-rounded liberal arts education based on the principle of shared exploration and problem-solving. In assessments for graduation, students present performance-based projects to panels of teachers. Beacon offers extensive opportunities to participate in clubs, sports, community service and international travel.

Academic Opportunities

Program Highlights: Free college classes at New York University (NYU), John Jay College, Hunter College, The City College of New York, Fordham University; Opportunity for travel includes India, Mozambique, Spain, France, Costa Rica, Russia and England; Special Arts Programs: Architecture, Digital Animation, Music Theory, Drama, Digital Film, Choreography, Guitar, Percussion and Recording Studio

Language Classes: French, Spanish

Overview

We are a small Career & Technical Education (CTE) high school. We expect our students to learn the fundamentals of business and entrepreneurship and to graduate prepared for college and careers as business analysts, marketers, entrepreneurs, and journalists. Students have many opportunities for real-world learning and building their own personal networks in the sports management industry through internships and other on-the-job activities. Our graduates will also earn industry certifications in Microsoft Office and Entrepreneurship.

Academic Opportunities

Program Highlights: Journalism, Internships, Virtual Enterprise, Career & College Institute, Microsoft Office Specialist (MOS) Industry Certification, National Occupational Competency Testing Institute (NOCTI) Workplace Readiness Certification, College Now Courses in Business and Entrepreneurship, Business Communications, Entrepreneurship, Finance and Marketing, Writing Across the Curriculum

Overview

A senior at Central Park East High School (CPEHS) reflects: "Central Park East High School is truly a place of unity in which all students are encouraged to work together for the good of the community." This community spirit can be seen in the many peer tutoring and peer leader programs offered by the school to help students with their Advanced Placement, Honors and regular academic classes. Additionally, each student is ensured to excel on the Regents due to the rigorous curriculum, after-school tutoring and weekend preparation programs that the school also offers. Besides having a rigorous curriculum and academic supports, all students are pushed to participate in the numerous after school programs the school offers, such as the newspaper and yearbook clubs, The National Honor Society, PSAL sports teams, robotics, dance, choir, and various other program options. CPEHS students also have the opportunity to engage in an assortment of community service opportunities, ranging from volunteering in soup kitchens, helping out at the ING marathon, or assisting the elderly. Once students enter their senior year, they are well prepared for their SAT with access to a variety of prep programs, and their college application process is carefully overseen by our college counselor. Students are also rewarded with multiple trips, school events, and honors.

Academic Opportunities

Program Highlights: Advanced Regents Honors Program, College Summit, College Now (11th & 12th Grade), Think College Now (9th & 10th Grade), Mount Sinai Hospital Internships and MedDocs Program, Peer Group Connections Leadership and Peer Mentoring Program, Freshman Seminar, Senior Seminar, Expanded Success Initiative, National Honor Society, Peer Tutoring, Community Service, Internships, Revolution Prep and Project Rousseau SAT Prep Classes, Adobe Digital Photography

Overview

The City College Academy of the Arts (CCAA) is an early college school. Beginning in the 6th grade, CCAA focuses on providing academic support that will allow our students to begin taking college courses in the 9th grade so they can graduate high school with 60 college credits from The City College of New York (CCNY). Arts are used to support instruction across subject areas. Instruction is supported by tutors from CCNY and visits to a variety of cultural sites within New York City.

Overview

We provide a small learning environment that focuses on critical and evaluative skills, thematic-based instruction and an academic curriculum that is geared to achieve optimum success on the New York State Regents Exams as well as the Scholastic Aptitude Test (SAT). The goal of our school is to develop literate, self-reliant, high-achieving students who are able to transfer their knowledge and skills to real-life situations and are prepared to succeed in college and the world at large. All students must be respectful and adhere to a strict code of conduct. Our students are also encouraged to attend Saturday School which provides them with extended time on core curriculum, such as Mathematics, English, Science and Social Studies.

Academic Opportunities

Program Highlights: Psychology, Law, Honors Biology, Honors Algebra, Calculus, Film classes, Creative Writing, Forensics, Peer Mediation, SAT Prep, Tutoring

Language Classes: English, Spanish

Overview

Columbia Secondary School (CSS) is a 6-12 school serving academically talented students who have an interest in a selective and demanding program focusing on math, science and engineering. Columbia Secondary School immerses students in science and math as a way of making sense of the world. Learning experiences focus on active exploration of major concepts, ideas and theories that respond to life’s big questions. Our students become aware of their responsibilities to their communities and to the world. At Columbia Secondary School, students engage in their own explorations so that they may experience the excitement of discovery.

Academic Opportunities

Program Highlights: Seven-year Math, Science and Engineering Program (6th-12th grade); Humanities sequence including Philosophy; Required electives in the sciences and creative arts including Environmental Science, Genetics, Science Fiction Film, Current Events, Web Design; Focus on Sustainability and Community Service; Students have access to Columbia University facilities

Quality Review Score (2012): Developing

Overview

We provide a small school setting in which students learn about health-related issues facing our community. Our goal is that each student will understand and internalize the physical, emotional and academic qualities of health that are developmentally appropriate to his or her age. We prepare our graduates for careers in health care through our use of a health-themed curriculum and mentoring programs with health professionals supported by community partnerships. These opportunities promote awareness around healthy lifestyles and ensure that our students become agents of change in the community. All of these resources will empower our students on a personal and community level.

Academic Opportunities

Program Highlights: Academic Core Courses: English, Social Studies, Science, Mathematics; Advisory, Remediation, Enrichment in all Core Subjects and Spanish; Research Courses and Writing Electives with an Integrated Health Curriculum and Grade-level Projects, Advancement Via Individual Determination (AVID) College Prep, Problem-based Learning (PBL), College Awareness, Career Awareness, SAT Prep (11th grade), Intro to Community Health, Concepts in Wellness, Support Services, Community Health-related Service Learning and Internship opportunities, 10th & 11th Grade Pre-Internship Hospital Mentoring Program at New York-Presbyterian Medical College and Hospital

Overview

We are a small 6-12 secondary school that prepares all students for college and careers. We set high standards and work with all of our students to help them meet these standards. With no more than 25 students per class, teachers are able to provide personal attention in a respectful environment. Our staff makes sure that we know every student well. We assess our students by challenging them to use what they have learned in creative ways to complete interesting projects. Students, staff, families, and community members all see themselves as part of a team whose main goal is the success of every individual student.

Academic Opportunities

Program Highlights: Project-based Learning, Portfolios & Roundtable Presentations, Advisory System, Full-time College Counselor through the College Bound Initiative, and College Now classes at Hunter College. We offer a wide range of interesting elective classes including: Visual Arts, Auto Shop, Cooking, Digital Arts and Photography, Skateboarding, Film Making, Chess; Dance, and Bicycling.

Overview

Esperanza Preparatory Academy (EPA) is a dual-language college preparation school. Students master Spanish as a native or second language, as well as academic, social and communication skills. We offer students Spanish courses with the goal that they will be able to take college/Advanced Placement (AP) courses in Spanish Literature, and become proficient in both Spanish and English. We prepare students for college by providing internship opportunities and a mentor that will expose them to college life/academics. Students work collaboratively with their mentors to arrange college tours and develop college portfolios and have the opportunity to take college courses, all of which prepares them for college.

Academic Opportunities

Program Highlights: Dual Language Program, Career and College Counseling, Career and College Advisory, College Now
Language Classes: Spanish
Online Language Classes: N/A
Advanced Placement Classes: As the school expands, we plan to offer AP courses in Biology, Statistics, History, Spanish Language, and Spanish Literature.
Online Advanced Placement Classes: N/A

Quality Review Score (2008): Well Developed

Overview

Essex Street Academy prepares all students for success in college and careers by treating them as individuals with specific strengths and needs and appealing to their intellectual curiosity. We offer elective courses that challenge students to develop their own ideas and push them to learn by doing. Students design and conduct experiments, develop historical theses, analyze works of literature and develop solutions and proofs for mathematical problems. Small class size makes a personalized approach to education possible, enabling teachers to develop an individual relationship with each student. At Essex Street Academy, our students are active, not passive learners and will graduate from our school confident in their ability to tackle any problem they encounter.

Academic Opportunities

Program Highlights: 9th-10th grade courses include: Ecology, Genetics, Human Impact, Response to Literature, Persuasive Writing, Studio Art, Music; 11th grade year-long intensive courses in Theater, Studio Art or Music; 9th-12th Grade Math sequence culminating in Calculus; 11th-12th grade courses include: Physics, Neuroscience, Anatomy and Physiology, Chemistry, Personal Narrative, Constitutional Law, American Foreign Policy; College Counseling: Two full-time counselors, overnight trips to colleges, SAT Prep, individualized counseling; College courses offered to 11th and 12th graders via New York University (NYU), City University of New York (CUNY), and Monroe College; Advisory; 12th grade internship program

Overview

At the Facing History School (FHS), our courses are exciting and relevant. FHS prepares you to be successful in college and work, and to be leaders in your neighborhoods and beyond. FHS provides a welcoming space to grow intellectually, creatively, and morally. We will support you in taking risks, developing your unique voice, learning from your choices, and deciding what you believe in, how you will use your skills and talents, and how you can have an impact on your community, the nation, and the world. In choosing FHS, you are choosing to join a dynamic learning community, to think deeply about yesterday, today, and tomorrow and to think about how to make a difference in the world.

Quality Review Score (2008): Outstanding (For 2007-2008 only)

Overview

We enjoy an international reputation as the first and foremost high school dedicated to nurturing students gifted in the arts. Our mission is to provide an opportunity for students to pursue both rigorous conservatory-style training and a challenging academic program. Our building features world-class facilities including a concert hall; art, dance, music, recording and theater studios, science and computer labs, and an art gallery. Almost all of our graduates continue their studies, gaining admission to highly selective schools. Our graduates have distinguished themselves in virtually every field, including the arts and sciences, medicine, law, business, education and public service.

Academic Opportunities

Program Highlights: Students have a daily program that includes both a multi-period conservatory studio block and a full college preparatory academic course load. The studio majors are: Dance, Drama, Fine Art, Instrumental Music, Technical Theater, and Vocal Music. Each studio has a four-year sequence of courses and opportunities for students to participate in performances and exhibitions. Students completing the applicable NYC Studio Comprehensive exam receive a special endorsement on their diploma. Honors courses are offered in many academic areas starting in the freshman year, leading to a full complement of Advanced Placement courses.

Language Classes: French, Italian, Japanese, Spanish

Online Language Classes: Spanish

Advanced Placement Classes: Art History, Biology, Calculus AB, Calculus BC, Chemistry, English Language and Composition, English Literature and Composition, Environmental Science, French Language, Italian Language and Culture, Japanese Language and Culture, Music Theory, Spanish Language, Statistics, United States History, World History

Online Advanced Placement Classes: N/A

Overview

We offer an academically challenging Career and Technical Education program focusing on the culinary arts and finance. Since we believe that food is fundamental to personal, social, economic and ecological health, the themes of food and finance are integrated into our curriculum and school environment. Cornell University, our lead partner, brings expertise in science, sustainable food production, nutrition and other topics. Students develop critical thinking skills while engaged in projects, portfolio development, internships and entrepreneurial ventures. In addition to the state diploma requirements, students are expected to take a series of industry-recognized certification examinations.

Academic Opportunities

Program Highlights: Cooking, Baking, Food and Culture, Food-Related Financial Management, Computer Technology, Internships, ServSafe, New York City Food Handlers Certificate and ProStart Certification, College Now, Jumpstart, PSAT/SAT; Technology is integrated throughout the school curriculum; science classes include hands-on use of latest technologies, such as growing fresh produce through hydroponics and aquaponics fish farm.

Overview

At Frank McCourt High School (FMHS), we prepare our students to be articulate and effective communicators in every medium. In particular, we will develop students’ communication skills through their writing, presentations, classroom discussions and peer dialogue. In developing these skills, students will also sharpen their critical and analytical thinking. Every student will graduate from Frank McCourt High School armed with the curiosity and intellect of a true life-long learner. We are committed to helping our students become engaged citizens and thoughtful civic leaders who can communicate their vision with clarity and eloquence.

Quality Review Score (2012): Developing

Overview

The Global Learning Collaborative (GLC) values a very diverse population of students with a variety of talents, interests, and experiences to share. No matter where a student begins, academic rigor and high standards are expected of all. We have been described by many as being “a small school with a big heart.” This is because we are a relationship-based school where every student is known and cared for individually, and where opportunities are provided for each member of our learning community to work towards his/her highest ability. All of us within the GLC community strive to learn about the world around us, and what role we all play in making it a better place. Founded in partnership with The Asia Society, a distinguished organization dedicated to global education, our students may strive to attain the International Studies School Diploma.

Academic Opportunities

Program Highlights: Global Leadership, Four-year Advisory, Focus on World Languages, International Study-Abroad Opportunities and Courses, Community Service, College Now, Global and Community Clubs and Partnerships; GLC students develop and guide some activities for themselves and for the school community. GLC students share resources between the four campus high schools, including PSAL sports and some Arts Programs.
Language Classes: Arabic, Chinese (Mandarin), Spanish
Online Language Classes: French, German, Italian, Japanese, Korean, Latin, Polish, Russian
Advanced Placement Classes: Biology, Calculus AB, Chinese Language and Culture, English Literature and Composition, Spanish Language, Spanish Literature
Online Advanced Placement Classes: N/A

Overview

The Harvest Collegiate School offers a rich and challenging intellectual education that engages students in the natural process of experience, questioning, the pursuit of precision, and reflection—how people really learn. We believe in cultivating students' power to produce and reflect, rather than simply consume, as a fundamental way of being in the world. We aspire to being, and to contributing creatively to, a "sane society," one of peace, growth and joy. We believe all young people flourish in conditions that challenge and support and we prepare students for success in college and for participatory leadership that promotes values of active responsibility for mankind and our world.

Academic Opportunities

Program Highlights: Two-year Institutes (9th/10th and 11th/12th grades) to develop our core habits of mind: curiosity, evidence, perspective, connection and voice; Half-Day Harvest Experience (City Exploration in 9th grade, Service Learning in 10th grade, College Exploration in 11th grade, Career Internship in 12th grade), Dedicated Daily Reading Time, All students learn a musical instrument in partnership with Third Street Music School, Seed-to-plate experience with the Stone Barns Center for Agriculture, Advisory, Morning Meeting and Wellness Team, January Intensive for Travel or Immersion Learning, College Now (free college courses)

Overview

Henry Street School for International Studies is a unique small school founded by Asia Society. While in pursuit of knowledge about other world regions, including their histories, economies and world languages, students simultaneously acquire the knowledge and skills to prepare for college and/or careers. Teachers and other adults who make up the learning community forge supportive relationships with students and parents while providing challenging and engaging learning experiences. Our school partners with various community, arts, and business organizations to help students meet success. Our theme of international studies extends beyond the classroom, where students participate in ongoing “Advisory Day Out” excursions where the multiculturalism of NYC becomes the classroom.

Academic Opportunities

Program Highlights: Global/International Studies in core subjects, Literacy block schedule, Personalized instruction in small classes, Student Advisories, International travel opportunities, After-school program focused on youth leadership

Language Classes: Chinese (Mandarin), Spanish

Online Language Classes: Chinese (Mandarin), Spanish

Overview

The High School for Arts, Imagination and Inquiry is a learning community in which deep engagement with works of art integrated across the curriculum enhances the intellectual rigor expected of all students. This work is based on the philosophy of Maxine Greene, Philosopher-in-Residence at Lincoln Center Institute for the Arts in Education (LCI), and the exploration of the LCI Capacities for Imaginative Learning which comprise our academic language used to support student success. Through our Restorative Practices, we work to foster the sense of self-worth, empathy and agency necessary for students to become participatory citizens who will create a more just, humane and vibrant world.

Academic Opportunities

Program Highlights: Arts and Inquiry-based instruction is integrated across the curriculum. Instruction for the arts integration units is collaboratively planned and taught with Teaching Artists from Lincoln Center Institute for the Arts in Education. Upper grade students are eligible for internship opportunities at Lincoln Center. Tuition-free college courses are offered through John Jay College of Criminal Justice, City University of New York (CUNY), and College Now. Internships and scholarships are available upon completion of the Career and Technical Education (CTE) sequence with Virtual Enterprises International Business Program.

Overview

At the High School for Dual Language and Asian Studies, Chinese proficient English Language Learners and English proficient students can learn both languages while preparing for college and careers. The school has a challenging curriculum that includes enriched math and science courses and opportunities to participate in a variety of Advanced Placement (AP) classes by junior year. Asia-related topics are woven into the academic curriculum in all the subject areas. Dual Language students are expected to exceed city and state standards and demonstrate positive cross-cultural behavior while achieving skills that are needed for today's global market. English proficient and English Language Learners are integrated during instructional times and there is instruction in both languages. All students are expected to comprehend, speak, read and write in English and Chinese by the time they graduate.

Academic Opportunities

Program Highlights: Four-year Chinese Language Program, History, Music, Arts, Extended Day Program (Tutoring, Arts, Chinese), College Now

Overview

The mission of the High School for Environmental Studies (HSES) is to reach high standards of excellence by providing a unique, challenging curriculum. We combine environmentally-infused courses with applied-learning experiences and hands-on programs that incorporate the rich cultural, economic, and social diversity of New York City. It is the further mission of our school for families, students, administration, and staff to work collaboratively to identify issues, define goals, formulate policies, and implement activities. Our Environmental Seminar provides all freshmen with individualized attention and helps students to further develop their skills in an environment that fosters risk-taking and independent growth. Everyone in the HSES community is committed to excel, as all learners are challenged, motivated, and provided with an open avenue of communication.

Academic Opportunities

Overview

At the High School for Excellence and Innovation, we empower our students by providing an abundance of opportunities for them to exercise student voice and choice during their high school experience. By building students' capacity to fully participate as community members of their school, they can become agents of change who have a positive effect in their homes, communities and the world. Our belief is that regardless of previous challenges in middle school, every student can earn a high school diploma and be prepared to transition to post-secondary training or college to achieve their 21st century career paths.

Academic Opportunities

Program Highlights: Saturday Academy and PM School provide students with test prep, tutoring, credit recovery and programs in film production, music, dance, and drama. Additionally, students have the opportunity to create clubs and activities.

Overview

Our mission is to create a school community that helps our students develop the independent habits of work and mind that will enable them to take advantage of college and career choices after high school. We share our students' college aspirations and expect them to master their course work, serve the community and be active participants in school. From the more supportive environment of our freshman classes to the more challenging classes in senior year, we have incorporated into our school structure the tools our students will need to build a strong portfolio of accomplishments.

Overview

We believe that education is not a solitary event; students and teachers must be active learners. We strive for excellence through a challenging, innovative, student-centered curriculum where students develop analytical skills to become critical, independent thinkers and lifelong learners. Students gain knowledge about the public sector, law and their ability to make positive changes in the community. Parents, caregivers and staff work together to provide students with opportunities to become invested in their communities through service learning, internships, mentoring programs and partnerships. Their experiences allow them to apply their academic knowledge to real-life settings.

Overview

High School for Mathematics, Science and Engineering at City College (HSMSE) is a specialized high school combining a rigorous program in science, technology, engineering, and mathematics with an ambitious humanities curriculum. Our goal is to infuse social, technological and analytical skills in order to facilitate the development of the next generation of leaders in society. Our collaborative approach to education fosters a supportive community which raises the performance level of each individual. In our labs and classrooms, students learn by doing. Skilled and committed faculty teach with rigor and with passion for their subjects. Housed in a dedicated building on The City College of New York campus, HSMSE gives students an early taste of college life as they eat in the college cafeteria and study in the college library. Newly built science and engineering labs offer up-to-date equipment, and all classrooms have internet access and computers or laptop carts. Students are drawn from all five boroughs of NYC and hail from diverse ethnic backgrounds. When students graduate, they are prepared for college and for life beyond by HSMSE’s in-depth approach to learning. New York State Regents exams, while required, are viewed as minimal competencies which our students are expected to master. Our curriculum exceeds the state standards in every way. Most HSMSE courses are taught at the advanced, AP and college level, and some courses earn college credit from The City College of New York. Students select one of three concentrations at the end of 10th grade, taking advanced coursework in either Advanced Engineering, Biomedical Research or Mathematics in 11th and 12th grades. HSMSE also offers a variety of elective classes and academic teams across departments. The school day is from 8:00 AM to 3:35 PM.

Academic Opportunities

Program Highlights: Project Lead The Way Pre-Engineering (a nationally validated pre-engineering program): Design & Drafting for Production, Digital Electronics, Principles of Engineering, Civil Engineering & Architecture; Mount Sinai Science Research Program (a two-year research cycle in the afternoons at Mount Sinai Medical Center): Advanced laboratory experiences and a research internship in one of the hospital units such as cardiology, oncology, obstetrics and the autopsy suite; Math Concentration – two-year program in advanced mathematics; College credits available in Precalculus, Calculus 1, Advanced Physics, Economics, Political Science, Astronomy, and Spanish

Language Classes: German, Spanish

Online Language Classes: N/A

Advanced Placement Classes: Calculus BC, Chemistry, English Literature and Composition, German Language, Statistics, World History

Online Advanced Placement Classes: N/A

Admissions Priorities and Programs

Admissions Priorities

- Open to New York City residents who take the Specialized High Schools Admissions Test (SHSAT)

Program Name	Code	Interest Area	Admissions Method	Grade	2013 Seats	2013 Applicants
Pre-Engineering	NO CODE	Engineering	Test	9	115*	17647
				10	5*	933
<p>Program Description: Nationally validated pre-engineering curriculum enriched by the City College faculty, culminating in a senior thesis project.</p> <p>Selection Criteria: Admission to this Specialized High School is based solely on the score attained on the Specialized High Schools Admission Test (SHSAT). Students should speak to their guidance counselor in the fall to register for the SHSAT. Guidance counselors will provide each student with an Admission Ticket indicating the date, location and time of the SHSAT. The ticket must be presented at the test site. Students should inform their guidance counselor if they are unable to take the test on their assigned day.</p>						

***Please Note:** Each year, the number of seats available at each Specialized High School may increase or decrease based on school enrollment.

Overview

The High School of Hospitality Management (HSHM) is located in the heart of the resurgent Clinton area, where there is the highest concentration of hotel and hospitality establishments in New York City. Through an interdisciplinary approach, students will develop problem-solving skills that prepare them for exciting careers in hospitality management and post-secondary education. This challenging, student-centered school combines a curriculum that provides Career and Technical courses as well as traditional academic studies. Our lead partner, the National Academy Foundation, provides resources and expertise to provide students with a range of experiences. Students have the opportunity to graduate with a Regents diploma and receive national industry-recognized certifications. Our professional staff, along with parents and students, are equal stakeholders in the creation of an invigorating and supportive learning environment.

Overview

Hudson High School of Learning Technologies is an iZone school, and is partnered with the Institute for Student Achievement (ISA). Hudson is configured as a 1:1 laptop environment sustaining our blended learning model, which we define as a hybrid of proven inquiry-based, face-to-face practices that are student-centered, personalized and supported by school-wide access to information and communication sources. All of our school resources are digital. Hudson is also a Google Apps school. Our school offers an academically challenging learning environment that helps students develop college-level skills with academic, social and emotional support from our team of teachers and counselors.

Academic Opportunities

Program Highlights: Hudson High School of Learning Technologies follows the New York City Department of Education calendar which can be found at www.nyc.gov/schools. Our core classes are scheduled in rotating blocks. We offer support and enrichment classes before and after school. Students can access personalized online digital course work (iLearn), as an extension of their classwork, for remediation or to earn additional credit. Advisory and Drop Everything & Read (DEAR) form a solid foundation for our work. College Now City University of New York (CUNY) courses will be offered in the fall of 2013.

Language Classes: Spanish

Online Language Classes: Chinese, English, French, German, Italian, Latin

Advanced Placement Classes: N/A

Online Advanced Placement Classes: Biology, Calculus AB, English Literature and Composition, United States History

Extracurricular Activities and Clubs

Students participate in various clubs and activities including Art, Music and Dance clubs. Other available clubs include Photography, Knitting, Museum, Science, French and Comic Book. Peer Tutoring is available daily and Student Government plays an active role on campus. Hudson High School has an award-winning MOUSE Squad; visit this website for more information about MOUSE Squad: www.mousesquad.org.

PSAL Sports – Boys: Baseball & JV Baseball, Basketball & JV Basketball, Soccer

Overview

The Institute for Collaborative Education (ICE) is founded on the principles of the Coalition of Essential Schools and is a member of the New York State Performance Standards Consortium. As a progressive school, our courses and units of study are inquiry-based and designed to develop students' critical thinking skills. Students engage in academically challenging performance-based assessment tasks and projects that demonstrate their understanding of course material. ICE provides students additional advanced learning opportunities through our collaborations and partnerships with local universities, colleges and community-based organizations.

Academic Opportunities

Program Highlights: Seven-year (6th-12th grade) academic program that culminates in Performance-based Assessment Task Graduation Requirements in all core subject areas: History, Literature, Math, Science & Spanish; Senior Circle Electives have included: Multimedia Technology, Songwriting/Poetry, Studio; Digital & Performing Arts, Photography, Intro to Psychology/Philosophy; Math Magic, Health and Nutrition Awareness, Computer Game Programming; Music, Studio Art, 7-year Music Program featuring Middle School and High School Jazz Band and multiple ensembles, Neuroscience program, Collaboration with City University of New York (CUNY) and New York University (NYU) Neuroscience Labs

Overview

The mission of International High School at Union Square is to prepare a diverse, multilingual student population of recent immigrants to New York City for high school graduation, college and careers. In every class, students are immersed in project-based instruction that facilitates their English language development while also increasing their content knowledge in subject areas. Our students learn to critically analyze and respond to real-world issues through their coursework, which includes a service-learning course in their freshman year, an internship in their junior year and College Now courses in their senior year.

Academic Opportunities

Program Highlights: Service Learning in Grades 9-10, Internship in Grade 11, College Now in Grades 11-12

Overview

Jacqueline Kennedy Onassis High School (JKO) is a school of high achievement where students actively participate in the curriculum and school activities. Students are programmed based on their needs and interests. JKO is a school of International Business Studies, where all students are required to complete ten (10) credits in Business. Virtual Enterprise (VE), Hospitality and Tourism and Accounting are the core areas of study. We have developed strong relationships with our partners and various theatrical and dance organizations. Additionally, we require two years of Spanish, four years of mathematics and four years of science for a JKO endorsed diploma.

Academic Opportunities

Program Highlights: Business and Computer Models, Accounting, Virtual Enterprise, Hospitality and Tourism, Journalism, College Now, Princeton Review, Executive Internship, Mentoring, Big Brothers Big Sisters, Writing, Ramp Up English, Advancement Via Individual Determination (AVID), Achieve 3000, Opportunity Network, PLATO Learning

Overview

We are a small high school that offers a challenging academic curriculum with a strong emphasis on writing, research, and project-based inquiry learning across subjects. Students are expected to be highly motivated, active learners with strong communication and research skills. Students and teachers work together to create a learning community that fosters critical thinking and analytical skills in preparation for college and beyond. Students present and defend six portfolios before a committee in order to graduate. Our Advisory ensures that all students have strong relationships with adults that support a positive learning culture.

Academic Opportunities

Program Highlights: Performance-based Assessments: All students are required to do in-depth research and writing and present their portfolios in front of a committee.
College Opportunities: College Now, Upward Bound, College Trips, Full-time College Advisor, Partnerships with Baruch College, New York University (NYU), and John Jay College; **Special Programs:** Art for Progress, Music classes through the Midori Foundation, Jazz Ensemble, Choral Music, Drama Program with Stage Doors and Youth Theater Initiative, SAT Prep, After-school clubs and activities, PSAL sports

Overview

It is our belief that learning is within everyone's grasp and is everyone's right. Our staff exemplifies scholarship and a love of learning, and sets an example for excellence. We acknowledge our enormous responsibility for educating our students, working together with parents/guardians. The curriculum includes athletic, civic and social activities, connecting learning to life beyond the classroom. We believe that through the teaching/learning process we all grow and develop a deeper understanding of ourselves, others and our world.

Academic Opportunities

Program Highlights: Syracuse University Project Advance: Students have the opportunity to earn Syracuse University credits in grades 11 and 12, College Now courses, Touro College courses in grades 11 and 12; Leadership, Community Service, Art, Chorus, Theater, Dance

Overview

Our mission is to provide a challenging and innovative science/mathematics academic curriculum based on the development of critical thinking skills and project-based learning in all subject areas. Our middle school students are required to complete two high school-level classes and enter the 9th grade with two NYS Regents credits in mathematics and science. In addition, our students are provided with opportunities to participate in various internships at well-renowned hospitals/institutions. Our educational commitment to every student is to prepare them for successful careers/post-secondary preparation and to support them in fulfilling their dreams.

Academic Opportunities

Program Highlights: DNA Technology and Forensic Sciences (through a Vocational and Technical Education Act (V-TEA) state grant); Lectures, Demonstrations, Clinical Seminars, Tutorials, Mentoring, Research and Clinical Electives for academic enrichment and to augment science inquiry (through "Center For Excellence in Youth Education" at Mount Sinai School of Medicine); College Now, Interactive Classroom for the Gifted

Overview

The Lower Manhattan Arts Academy (LoMA) is a small, multicultural school where the focus is on academic excellence through the arts. Every aspect of LoMA’s design, structure and practice supports each student’s intellectual, emotional and cultural growth with the ultimate goal of seeing that he or she succeeds in a four-year college or career. As an arts school, LoMA integrates visual and performance elements into the curriculum through three approaches. Students have the opportunity to work with visual and performing artists during academic classes to create high quality, standards-based performances of learning. After completion of a two-year rotation of the four arts—visual, music, dance or drama, each student specializes in one of the disciplines. Our school has partnerships with many Lower East Side arts organizations so that every student takes part in an Extended Day Program at least twice a week. We are an intimate, nurturing school with a large number of adults watching over and taking care of our students.

Academic Opportunities

Program Highlights: Twelve hour-per-week internships for all seniors, artists-in-residence in many classes, project-based learning in academic classes, daily Advisory classes, daily reading period, college classes at New York University (NYU) and John Jay College, extensive after-school tutoring, majors in art, music, dance, and drama after completing a 9th grade rotation of all of the arts; museum visits, free performances at cultural institutions, 40 school trips a year

Overview

Our mission is to provide a high-quality education for all levels of English Language Learners (ELLs) by integrating the arts and academics. We strive to expand our students’ cultural horizons while maintaining an intensive academic curriculum. By studying the arts, students become active participants in their own education and therefore have a better understanding of academic lessons and how to apply them outside the classroom. At the end of four years in our school, our students will graduate with strong academic skills that will lead to success in their post-secondary education and career path.

Academic Opportunities

Program Highlights: Freestanding ESL, Transitional Bilingual Education (TBE)
Language Classes: Spanish
Online Language Classes: N/A
Advanced Placement Classes: As we expand, we plan to offer Advanced Placement courses.
Online Advanced Placement Classes: N/A

Extracurricular Activities and Clubs

Culture Club, Guitar and Violin Program, Leadership, Student Government, Tutoring, Urban Arts Program: Photography, Documentary & Filmmaking
PSAL Sports – Boys: Baseball, Basketball
PSAL Sports – Girls: Basketball, Softball, Volleyball
PSAL Sports – Co-ed: N/A
School Sports: N/A

Overview

We are a New Visions School founded on the belief that mastery of communication skills in both English and students’ native language is key to realizing a student’s potential in a multicultural society. We are committed to assisting students in maintaining the richness of their native language and culture and celebrating their individual differences while providing them with a sense of place in their community and society as a whole. Our mission is to ensure that students develop the bilingual speaking, reading, writing and listening skills needed to succeed in a challenging academic program designed to prepare them for higher education and/or the work force.

Academic Opportunities

Program Highlights: College Now, National Academy Foundation Academies of Information Technology and Engineering, Project Lead the Way Engineering, Gateway to Engineering Summer Program, Work-based Learning and College Readiness, Cornell University Hydroponics Program & Internship, Job-shadowing, Internships, iMentor, Junior Achievement, Financial Literacy, Community Service, College Now, Learning Leaders, College Planning, Volunteer Program, Academic Excellence, Student-centered Curriculum, Peer, Morning & After-school Tutoring, Extended Day & Saturday Programs, Homework and Writing Center

Overview

We are a small community committed to creating opportunities for students to experience the world around them as young entrepreneurs. Our curriculum includes a focus on business education as well as a strong Advisory program that allows students to form close relationships with our faculty members. Students will demonstrate their understanding of subject material through portfolios and presentations at the end of every academic unit. After four years of academic instruction, Advisory and internships, our students will graduate well-prepared to succeed in college and in their career paths.

Overview

Our school is proud to provide a challenging curriculum in a close-knit environment. Our offerings and high standards enable students to competitively apply to the nation’s most selective colleges and universities, and our teachers know our students individually, providing each one with personalized attention and guidance. Student programs focus on four years of science and math with a broad base of liberal arts. In collaboration with major universities, we provide our students with the opportunity to study abroad in Singapore, Vietnam and China. In school and abroad, our students participate in scientific research with university mentors, some of which has resulted in publication.

Academic Opportunities

Program Highlights: International Student and Teacher Exchange Program (ISTEP), Advanced Science Research, Multiple sections of Advanced Placement courses, Forensics, Environmental Studies, Astronomy, Horticulture, Psychology, Financial Algebra, Java Programming, Constitutional Law, Business Law, DECA, Robotics, College Now, Project Boost (college tour program), Model UN, Comprehensive after-school program for tutoring and clubs, SAT Tutoring, SEO Scholars, Columbia University Double Discovery Program

Overview

The Manhattan/Hunter Science High School is an early college high school partnership between Hunter College and the New York City Department of Education. Our program gives students the tools, guidance and support they need to become leaders in scientific fields and careers. Students who graduate from our program will have completed several college courses, a four-year cumulative research program, a community service project and the requirements for a New York State Regents Diploma with advanced designation.

Academic Opportunities

Program Highlights: Students will have access to Hunter College Library and classes. Other offerings include the Senior Year Program at Hunter College, Research courses with a focus on understanding research methodology, and Spotlight on Success.

Overview

Marta Valle High School (MVHS) continues the tradition established by our namesake Marta Valle (a social worker, youth advocate and community organizer) by offering a strong academic and character development program in a personalized setting. Our academics are supplemented by a wide range of electives in visual, performing, and culinary arts, video, and music. As an iZone school, our students have the opportunity to earn Advanced Placement credit and take college level courses for credit at City University of New York (CUNY). Other opportunities include SAT Prep, Regents Prep, numerous clubs, PSAL, Dance, Capoeira and Weight Training. MVHS is a place where “Educating Hearts and Minds for the 21st Century” is a reality!

Academic Opportunities

Program Highlights: Model Innovative College and Career Readiness offering an Advanced Regents Diploma. Students may graduate early or earn up to 8 college credits through the College Now Program. College Placement Office, College Advisor, College For Every Student, Peer Leadership, Statistics, Culinary Arts, Video Production, Music Production, Theory and Voice, Piano, Visual Art, Drama, Dance, Advisory, 21st Century Extended Day, Saturday Enrichment/Academic Program, Culinary Arts Kitchen, Fitness and Weight Training Studio, Media Lab, Music Recording, Video Production and Dance Studios. Technology is infused across all disciplines through a Blended Online Instructional Model.

Language Classes: Bengali, French, Spanish
Online Language Classes: Chinese (Mandarin), French, German, Spanish
Advanced Placement Classes: Calculus AB, English Literature and Composition, Physics B
Online Advanced Placement Classes: Calculus AB, English Language and Composition

Extracurricular Activities and Clubs

Model Peer Leadership Program, The Vine Student Newsletter, 21st Century After-school Program, Student Ambassadors, Animation, Annual College and Career Fair, Monthly College Tours, Annual Family Night, Art, Audio Recording, Break Dancing, Camping, Theater Trips, Capoeira, Cents Ability, Cheerleading, Chorus, College Courses, College Office, College Trips & Tours, Culinary Arts, CUNY and Free Application for Federal Student Aid (FAFSA) Application Workshops, Dance, Film, Gallatin Great Works Project (NYU), Jewelry Making, Kaplan SAT Prep, Monthly Family Resource Fairs, MOUSE Squad, Music Recording and Engineering, National Honor Society, NYU, Empire State College, Placement and Referral Office on site for Summer Youth Employment Program, Parent Resource Room, Publicolor, Painting, Peer Mediation and Conflict Resolution, Piano, Ping-Pong, Princeton Center for Leadership, Recycling, Rock Band, Saturday Success Academy Regents Prep, Smart and Fabulous Fashion Show, Songwriting, Step Dance, Student Advisory Council, Student Ambassador Program, Sarah Lawrence College Student Interns, Cafe Clubs during lunch time, Theater, Video Animation, Video Production, Visual Art, Voice, Volleyball, Young Entrepreneurs

PSAL Sports – Boys: Basketball, Rugby
PSAL Sports – Girls: Rugby, Volleyball
PSAL Sports – Co-ed: Rugby
School Sports: Hip-Hop, Zumba, Volleyball

Overview

The mission of this school is to provide a challenging academic program. Four years of credit is offered in all major subjects (English, History, Mathematics, and Science). Students take a core curriculum in grades 9 and 10 and then choose courses in grades 11 and 12. The core curriculum for freshmen and sophomores includes a two-year sequence of Biology and Chemistry, as well as English, Math, and Global Studies. Every entering ninth grader is assigned an Advisor and an Advisory group of 15-20 other students. Students work with the same Advisor and Advisory group for all four years. All students must complete 20 hours of community service a year. Millennium offers a comprehensive college counseling program ramping up to junior and senior year. All students receive direct instruction and individualized support in the college application process from our college counselors. An 18-week college process curriculum, spanning junior and senior years, is delivered to Advisory groups during dedicated sessions throughout the school day.

Academic Opportunities

Program Highlights: Art: Graphic Design, Mixed Media, Photography; Electives: Psychology, Yearbook; English: American Literature, British Literature, Contemporary Modern Literature, Dramatic Literature; History: Economics, Government, United States History; Mathematics: Algebra II, Applied Math, Precalculus; Science: Advanced Biology, Advanced Chemistry, Advanced Physics, Anatomy and Physiology, Physics

Overview

Our school was founded in September 2004 with the help of Replications, Inc., a non-profit organization dedicated to the creation of new, small, successful schools. Our school is based on the same concepts of the nationally renowned Mott Hall Middle Schools. Utilizing a challenging curriculum, our emphasis is on academics, college and career preparation. Students use laptops and engage in cutting edge technology in the classroom as active participants, sharing their learning and education. Experiential, hands-on learning is an important part of the school’s curriculum. We are committed to helping students develop into leaders, independent thinkers and enthusiastic lifelong learners.

Academic Opportunities

Program Highlights: Online grading system for parents and students, Before- and after- school tutoring, Saturday Academy, Tutoring with City College, College Now, College for Every Student (CFES), College Prep with Columbia University, Regents Prep Program, iZone Advanced Placement Courses, Credit Recovery Electives

Language Classes: French, Spanish

Overview

Murray Hill Academy has a unique admissions model: 60% of the students are admitted through the high school admissions process and 40% are admitted as transfer students throughout the year. Our school offers students a challenging curriculum with blended learning and many opportunities for learning outside the traditional classroom, including internships and online courses with in-school mentors. We are committed to the academic progress of our students, as well as their social and emotional growth. Our goal is to have our students graduate, prepared for college and careers, ready to become successful and productive citizens. Every child can fulfill his/her potential, one successful step at a time.

Academic Opportunities

Program Highlights: Personalized Learning; Community Service, Internships and Job Shadowing; Blended Learning Environment; Online Courses with in-school mentors; Virtual Learning; Regents and SAT Preparation; College and Career Counseling; Youth Development Program with Personalized Advisory; Opportunities for student voice, challenges and choice; Core Classes and Electives with foundations in 21st Century Skills; Strong Arts program with Theater, Music, Ceramics, and Mixed Media; Variety of Partnerships to strengthen the school community (Good Shepherd Services, Chris Canty Foundation, High Schools That Work, Achievement Mentoring, Big Brothers and Big Sisters, Cents Ability, Gilder Lehrman Institute, PENCIL)

Language Classes: Spanish

Online Language Classes: Arabic, Chinese, French, German, Italian, Japanese, Korean, Spanish

Advanced Placement Classes: N/A

Online Advanced Placement Classes: Biology, Environmental Science, United States History, World History

Extracurricular Activities and Clubs

After-school Support, Tutoring and Regents' Preparation (STARS), Saturday Tutoring, Community Service with Street Soldiers, Dance, Step, Film, Green Team, Mentoring, Creative Writing, Year Book, MOUSE Squad/Tech Squad, Capoeira, National Honor Society, NYPD Youth Explorers, Opening Act Theater, Peer Mediation, School Newspaper Paw Print, SOSA School Beautification, Student Government, Gamers Club

PSAL Sports – Boys: Baseball, Basketball & JV Basketball, Bowling, Volleyball

PSAL Sports – Girls: Basketball, Bowling, Softball

PSAL Sports – Co-ed: Baseball, Basketball, Bowling, Volleyball

School Sports: In our Physical Education classes all students get introduced to Basketball, Volleyball, Fitness Center (Strength and Conditioning), Handball, Badminton, Whiffleball, Floor Hockey, Scooter Ball. As we expand, we plan to offer additional PSAL and intramural sports.

Overview

The mission of Murry Bergtraum (MBHS) is to equip our students with the skills needed to obtain entrance into post-secondary institutions and the knowledge needed to be self-sustaining once they gain admission. The focus of our Ninth Grade Academy is to provide academic support in a small nurturing environment which will provide students with the skills and resources needed to graduate from high school in four years. The Advancement Via Individual Determination (AVID) program is an integral component of our Ninth Grade Academy. As students progress, internships and mentoring opportunities support our academic goals with real-world experiences as we work to develop tomorrow's leaders.

Academic Opportunities

Program Highlights: MBHS students enter the Ninth Grade Academy and have the opportunity to transition into one of three Small Learning Communities: Emerging Technologies Institute, Institute of Justice, or Institute of Entrepreneurial Studies; Honors classes, College Now, AVID, Virtual Enterprise, College Summit, on-site Syracuse University courses for college credit, college counseling, Performance-based Assessment, tutoring, internships, mentoring, Saturday and after-school academic programs

Language Classes: Chinese, Spanish

Online Language Classes: N/A

Advanced Placement Classes: Art History, Biology, Calculus AB, English Language and Composition, English Literature and Composition, Spanish Language, United States History

Overview

New Design High School (NDHS) is a small academic high school with a focus on design, located on the Lower East Side of Manhattan. NDHS uses the concept of design to help meet the academic, intellectual, social, emotional and artistic needs of adolescents. Our school integrates the idea, concept and process of design into a progressive, academic high school curriculum, thereby offering an innovative education in a nurturing environment. The school community believes that design and the design process allow students to participate in a more experiential form of inquiry-based education that is focused on understanding real-world contexts, self-expression and problem solving.

Academic Opportunities

Program Highlights: NDHS uses design as a basis for learning. Students are exposed to the fields of fine art fundamentals of design, fashion and merchandising, product design, invention and entrepreneurship. Teaching artists, through Urban Arts Partnership, the school's main cultural partner, augment the existing curriculum through the fields of media and communications, graphic design, sound design and film & motion graphics. College Now Courses are offered.

Overview

New Explorations into Science, Technology and Math High School (NEST+m) is a K-12 school that is committed to providing an exemplary accelerated education for students of diverse backgrounds who have the ability and promise to meet the demands of an academically challenging curriculum. The Upper School (grades 9-12) engages students to think abstractly and critically, and encourages them to formulate questions that guide their learning experience via discussions and research. Multiple opportunities exist for students to have internships at various local universities in the sciences and the arts.

Academic Opportunities

Program Highlights: 1st level science sequence – 9th grade: Regents Physics with Recitation/Applications and math for Physics courses; 10th grade: Regents Chemistry and 1 term of Computer Science with the option of an Advanced Research class; 11th grade: Living Environment; 12th grade: Options include science electives, AP Biology, AP Chemistry, AP Physics or AP Environmental Science. The 2nd level science sequence is for accelerated students who have demonstrated aptitude for the sciences and mathematics; begins with AP Physics B in 9th grade, AP Chemistry in 10th grade, AP Biology in 11th grade, and AP Environmental Science in 12th grade.

Language Classes: Chinese (Mandarin), French, German, Latin, Spanish

Overview

We use state-of-the-art technology to engage students in a challenging, project-based curriculum, where students solve complex, real-world problems in a supportive environment. Our school features a distance learning model for instruction in which students receive instruction from “master” teachers anywhere in the world through video and computer conference technology, with classroom teachers providing necessary support and guidance. Online courses offer students opportunities to study any subject at any time for credit. Our students will graduate with a well-rounded liberal arts education, excellent technology skills and a strong sense of global citizenship.

Academic Opportunities

Program Highlights: Advisory, Online Courses, Field Work, Multi-Disciplinary Instruction, Real-world Problem-based Learning; Some Advanced Placement (AP) Courses may be offered via distance learning (live instruction via video conferencing), depending upon student demand

Language Classes: French, Spanish

Online Language Classes: N/A

Advanced Placement Classes: Biology, Calculus AB, Calculus BC, Chemistry, English Language and Composition, English Literature and Composition, Government and Politics: Comparative, Government and Politics: United States, United States History

Overview

Collaboration is the key element upon which all of our academic work rests. Students are expected to work in groups, to be reflective of their own and of others’ work, to take responsibility for advocating for their own needs and the needs of others, and to support the school community through seriousness of purpose, ongoing engagement and respect for all.

Academic Opportunities

Program Highlights: All classes value and teach skills of social and emotional learning; College Now; Methods of Inquiry Qualitative Research course; Human Rights Studies course; Twelfth grade culminates in interdisciplinary Keystone Project; Peer Advisory (older students mentor incoming 9th graders); Tenth grade Advisory; Eleventh and twelfth grade college Advisory.

Overview

We offer a unique program that uses the city’s museums to enrich the curriculum. We currently partner with the Metropolitan Museum of Art, the Museum of the City of New York, Japan Society, the Rubin Museum of Art, and Museum of the Moving Image, who each become extensions of our classrooms, affording the hands-on experience needed to make learning deep, challenging, and engaging. By studying in class, museums, and other institutions, students learn to emulate the work of scholars in the fields of science, history, technology, and the arts. Classroom instruction draws upon learning that takes place in the field, and deepens it with content that compels questioning, reflection, and insight.

Academic Opportunities

Program Highlights: Museum-based study (modules projects) culminate in student presentations in the study of World Religions, Evolution, Imperialism, Geology, Urban Structures, Forensics, US History & Cultures and others; College-preparatory experiences, including a College Institute seminar and College Now program at Baruch College

Language Classes: Japanese, Spanish

Overview

The PACE High School mission is to create a college-oriented, student-centered environment with high expectations for every student. The goal for every individual at PACE is to create a résumé of quality educational experiences which will prepare them for success in college and beyond. Central to our role as a small high school is that every student is known well through our Advisory program and is appreciated for his/her unique talents and contributions to our learning community. Our curriculum and practices are tailored to the individual needs of our students, enabling all students to reach the ambitious goals set for them. Working in close collaboration with Pace University’s School of Education, our school shares the extensive resources of the university, with significant access to classes, libraries, computer labs and recreational facilities.

Academic Opportunities

Program Highlights: Advisory, Community Service Requirement; students programmed for Advanced Regents classes through grade 12; Tiers of Educationally Enriching Experiences (classes during & after school, Saturdays & summers in a small group setting); Technology integrated in all content areas; Students who have passed 5 Regents exams & have an 85 average by 11th grade are eligible to take free college courses at Pace University.

Overview

We are committed to providing a high-quality, supportive and inclusive program to ensure that our students are prepared for college and the world of work. We challenge all students with a demanding curriculum. Through our Advisory system, which we call House, every student becomes a part of our family. Every student is known individually by his or her House teacher. As a school, we aim to support students' needs and engage them in our rich after-school program that includes academic and recreational clubs, PSAL sports and unique school-wide celebrations such as our Thanksgiving luncheon (teachers cook for students), ice-skating in Central Park, poetry slams and field day.

Overview

Located in the heart of the theater district in Manhattan, this small personalized school partners with top-rated New York City Arts organizations to provide professional-level training in performing arts and a competitive academic program. Recognized for our unique arts instruction, we attract master performers and industry players that help guide our students toward the most competitive colleges and conservatories. Our special relationships with local organizations provide access to some of the most modern training facilities in New York City. Our alumni have gone on to prestigious conservatories, appeared in many Broadway productions, box office films and hit television shows.

Academic Opportunities

Program Highlights: College courses for juniors and seniors at NYU, John Jay College and Hunter College; professional work in the arts through partnership with On Location Education; master classes and workshops with theatre professionals.

Admissions Priorities and Programs

Admissions Priorities

1. Priority to continuing 8th graders
2. Then to New York City residents

Program Name	Code	Interest Area	Admissions Method	Grade	2013 Seats	2013 Applicants
Musical Theatre	M81H	Performing Arts	Audition	9	24	368
				10	5	37
<p>Program Description: In partnership with Rosie's Theater Kids, students receive conservatory style training in vocal music, dance and acting. Classes include: Theater and Tap Dance, Song Preparation, Private and Group Vocal Technique, Music Theory, Acting Technique, and Rehearsal & Performance Studio.</p> <p>Audition Information: Each applicant will be required to act, sing and dance at this audition. Please prepare the following:</p> <p>Acting: Present a one minute memorized monologue (comedic or serious) from a published play.</p> <p>Singing: Present a memorized Broadway and age-appropriate song, of no longer than 32 bars. An accompanist will be provided, so please bring sheet music.</p> <p>Dancing: Be ready to learn a short theater dance combination. Please wear clothing that allows for freedom of movement, as well as jazz shoes or sneakers.</p>						

Program Name	Code	Interest Area	Admissions Method	Grade	2013 Seats	2013 Applicants
Drama	M81J	Performing Arts	Audition	9	24	613
				10	5	70
<p>Program Description: Students take classes in acting technique, scene study, voice and diction, movement, theatre history, audition preparation, script analysis and directing.</p> <p>Audition Information: Present two contrasting monologues. For example: one dramatic and one comedic, or two very contrasting characters. The monologue must come from a published play or monologue book; monologues must be memorized. Each monologue should be about one minute in length. Note: If the applicant is auditioning for both drama and musical theatre, he/she should only attend the musical theatre audition, and have both monologues as well as a song prepared.</p>						
Vocal Music	M81K	Performing Arts	Audition	9	26	565
				10	5	70
<p>Program Description: Vocal Music students attend conservatory classes in vocal technique, ensemble singing, sight reading, musicianship, and ear training. Students also study vocal repertory and performance technique, movement for singers, and music history.</p> <p>Audition Information: Present one of the following: a classical selection, or a song from a "Golden Age" Broadway musical. The song must demonstrate vocal skills and ability. Classical selections can be found in either "Twenty-Four Italian Songs and Arias" or "The Art Song Anthology." You must bring sheet music for your song; an accompanist will be provided. Vocal production (the ability to sing scales, sing a cappella, etc.) will be tested at the audition.</p>						
Dance	M81N	Performing Arts	Audition	9	28	613
				10	5	54
<p>Program Description: In partnership with The Ailey School, students follow a course of study with a foundation in ballet and classes in Horton technique, modern (Graham-based), jazz and West African dance.</p> <p>Audition Information: Participate in an Ailey School master class that includes ballet, modern and jazz techniques. Female applicants must wear a leotard, footless or convertible tights and ballet shoes. Males should wear a fitted t-shirt, black leggings or black tights, a dance belt and ballet shoes. No prepared solo is necessary.</p>

Overview

At Quest to Learn, teaching, learning, and student life connect academic content and skills with 21st century literacies: systems thinking, teamwork, collaborative problem solving, digital citizenship, empathy, and design for innovation. Our goal is to create opportunities for students to develop habits of mind in the contexts of different subject matter/content areas and become lifelong learners who are caring, reflective, creative, independent thinkers and successful in college and careers.

Academic Opportunities

Program Highlights: Daily Advisory, Game Design & Media Arts, Digital Program (after school), Online courses, Internships, Multidisciplinary Instruction, Real-world problem-based Learning, Computer Programming, Electives, Integrated Technology, Social Action Projects, Senior Digital Portfolio, Wellness Program, PSAT/SAT Prep, Advanced Regents courses, Early College Program at The New School; Advanced Placement (AP) classes will be offered in a number of learning environments; a selection of courses will be presented via direct classroom instruction by teachers, some will be experienced through distance learning (a live teacher in a different location), and some will be mastered through online instruction.

Language Classes: French, Spanish

Online Language Classes: Chinese (Mandarin), German, Latin

Advanced Placement Classes: Art History, Biology, Calculus AB, Chemistry, English Literature and Composition, Environmental Science, Government and Politics: United States

Online Advanced Placement Classes: N/A

Extracurricular Activities and Clubs

Citywide Math Olympiad, Dance, Drama, Ensemble Band, Fairness Club, Fashion Club, Gamestar Mechanic, Internships, Media Arts, Minecraft, Model United Nations, Musical Theater, Peer Mediation, Playforce-Video Game Playtesting, Q2L Ambassadors, Robotics, Short Circuit (Engineering and Design), Student Government, Technology, Visual Arts, Yoga

PSAL Sports – Boys: Baseball, Basketball, Outdoor Track, Soccer, Swimming, Wrestling

PSAL Sports – Girls: Basketball, Softball, Volleyball & JV Volleyball, Wrestling

PSAL Sports – Co-ed: N/A

School Sports: Cheerleading; we plan to offer Swimming

Overview

Repertory Company High School for Theatre Arts is a small high school which offers a full academic program and comprehensive theatre arts classes. It is a program designed for students who aspire to work in the theatre arts field either as actors or behind the scenes. Our location, in the heart of the New York City theatre district of Times Square, supports our school focus. We offer small classes which allow our students the opportunity to experience all aspects of theatre from production to performance. Students have the opportunity to learn outside of the classroom by participating in the many student productions which include a comedy or classical drama, student written works, and a school-wide musical production each year. We expect all of our students to maintain high academic standards and to possess the willingness to explore all the imagination and creativity of theatre arts.

Academic Opportunities

Program Highlights: Theater Introduction, Beginning, Intermediate and Advanced Acting, Playwriting, Stage Management and Production, Dance and Movement for Actors, Musical and Classical Theatre, Senior Production Lab, Stagecraft Workshop, National Honor Society, Advanced Research, Advanced Placement (AP) courses, Honors courses, PSAT & SAT Prep, College Now (Hunter College), Learning through an Expanded Arts Program (LEAP), August Wilson Monologue Competition, The Fidelity Playwriting Program, Peer Health Exchange

Overview

Richard R. Green High School is located in an historic building overlooking Bowling Green, Battery Park and New York Harbor. Students have a choice to enroll in either the Teaching Academy or the Liberal Arts Academy. Our Teaching Academy is designed to develop a lasting commitment to education and students have the opportunity to participate in off-site internships working directly with young students. The Liberal Arts Academy provides students with opportunities to develop as mentors and offers a range of engaging electives that build transferrable skills. The school has a rich array of college preparatory programs.

Academic Opportunities

Program Highlights: The Teaching Academy offers Teaching Internships and Education courses; The Liberal Arts Program offers Mentoring, Internships and Elective classes; Advancement Via Individual Determination (AVID) is a four-year college readiness program that accelerates student learning; College for Every Student (CFES) is a four-year program for under-served youth that prepares them to gain access to and succeed in college; College Now provides free courses at Hunter College; The Future Project brings together students and coaches to design and build individual future projects around their personal aspirations; The Paraprofessional Training Program certifies students with disabilities as substitute paras

Overview

The School of the Future is a student-centered and challenging academic school with the goal of preparing all graduates to enter the college or profession of their choice. Our students learn to think critically and solve problems in a supportive environment. We challenge our students to exceed the expectations set by the New York State Board of Regents by preparing them for research-based exhibition presentations in order to graduate.

Academic Opportunities

Program Highlights: Technology and Laptop Project, Exchange Programs to Costa Rica and Spain, School trips to Paris, Costa Rica, Tokyo, and China; free college classes offered through our partners, Internships, Honors Classes; Electives in documentary filmmaking, theater and theater set design, Master Renaissance Art Class

Quality Review Score (2012): Well Developed

Overview

Our mission is to develop students who have the skills, competencies and knowledge necessary for successful 21st century music careers. The 21st century musician can analyze, compose, and perform music at the highest level, has a strong sense of his/her own artistic "voice," and is fluent in current music technologies. He/she possesses strong academic knowledge, skills, and habits, and is also community-minded, inventive, and resourceful. Our school will provide private music instruction, accelerated academics, courses in music technology, and opportunities to perform.

Academic Opportunities

Program Highlights: Students have an Extended Day Program to allow for concentrated music instruction. Students will major in Instrumental Music (including piano), Voice, or Composition. All students will take a groundbreaking two-year sequence in music technology. Students will participate in collaborative ensembles and have solo and ensemble performing opportunities. Students will interact with professional musicians and composers through short- and long-term residencies. Graduating seniors will create collaborative interdisciplinary projects to present in the community.

Language Classes: Spanish

Admissions Priorities and Programs

Admissions Priorities

1. Open to New York City residents who take the Specialized High Schools Admissions Test (SHSAT)

Program Name	Code	Interest Area	Admissions Method	Grade	2013 Seats	2013 Applicants
Stuyvesant	NO CODE	Science & Math	Test	9	814*	22675
				10	10*	1248

Selection Criteria: Admission to this Specialized High School is based solely on the score attained on the Specialized High Schools Admission Test (SHSAT). Students should speak to their guidance counselor in the fall to register for the SHSAT. Guidance counselors will provide each student with an Admission Ticket indicating the date, location and time of the SHSAT. The ticket must be presented at the test site. Students should inform their guidance counselor if they are unable to take the test on their assigned day.

*** Please Note:** Each year, the number of seats available at each Specialized High School may increase or decrease based on school enrollment.

Overview

Talent Unlimited High School is a small school comprised of students from culturally diverse backgrounds who come from all five boroughs. We are a caring, tight-knit New York City school community located on Manhattan’s Upper East Side. Students must audition to demonstrate exceptional talent in the performing arts and be prepared to meet high academic standards. We offer a student-centered, interdisciplinary approach to instruction.

Academic Opportunities

Admissions Priorities and Programs

Admissions Priorities

- Open to New York City residents

Program Name	Code	Interest Area	Admissions Method	Grade	2013 Seats	2013 Applicants
Musical Theatre	M42J	Performing Arts	Audition	9	24	275
				10	5	20
<p>Program Description: Students are transformed into “triple threat” performers who learn to sing, dance and act in a variety of venues; emphasis on vocal technique, scene study, movement, ensemble and solo performance.</p> <p>Audition Information: Come prepared with a memorized song and monologue from a Broadway show. An accompanist will be provided, but be prepared to sing a cappella. The applicant’s ability to match pitches and take direction will be strongly considered. Applicants will also be asked to demonstrate their dance skills.</p>						
Vocal Music	M42K	Performing Arts	Audition	9	30	644
				10	5	74
<p>Program Description: Students study music theory, vocal technique, and music history; opportunity to perform in a variety of vocal ensembles.</p> <p>Audition Information: Come prepared to sing either the "Star Spangled Banner," "Silent Night," "Over the Rainbow," or "Amazing Grace" in a medium key, from memory. An accompanist will be provided. Applicants will also be asked to repeat vocal phrases demonstrated by the teacher in order to test rhythm, tonal memory and basic vocal technique.</p>						
Dance	M42L	Performing Arts	Audition	9	24	598
				10	5	44
<p>Program Description: Students study modern and ballet technique, choreography, repertory, pointe, pilates, anatomy, and dance history; comprehensive program that includes junior and senior internships and performances at all grade levels.</p> <p>Audition Information: Come prepared to participate in ballet warm-ups and a modern dance combination. Your potential to succeed in the dance program will be evaluated based on alignment, the ability to follow directions, musicality, strength and stretch. Applicants are expected to wear dance clothes (leotards, footless tights and ballet shoes).</p>						
Drama	M42N	Performing Arts	Audition	9	30	430
				10	5	58
<p>Program Description: Students study movement for actors, voice and speech, theatre history, scene and monologue study, communication skills, stage production and performance repertory; opportunity to perform in a variety of venues.</p> <p>Audition Information: Come prepared to present two memorized monologues (1 minute each) taken from published, recognized playwrights. Characters chosen should be age-appropriate. Applicants may also be asked to do an improvisation and a reading of material provided at the audition.</p>						
Instrumental Music	M42P	Performing Arts	Audition	9	20	166
				10	5	17
<p>Program Description: Students study music theory and history and have the opportunity to perform in a variety of ensembles, including concert band, string ensemble, jazz band, and orchestra.</p> <p>Audition Information: Come prepared to demonstrate competence and agility on your instrument by playing a prepared selection of your choice. Applicants should bring their instruments to the audition (percussion, piano, baritone sax, guitar amplifier, baritone horn, tuba and double bass will be provided) and the music needed to perform. In addition, sight reading ability will be tested and students will be asked to play two scales from memory. See the TU website at www.tuhsnyc.org for details.</p>						

2013 Audition Dates

It is important to arrive on time and be prepared, as outlined in the audition guidelines. Students who arrive after 10:00 AM will NOT be auditioned. You may audition for a maximum of two possible arts majors on a given day, if time permits.

For auditions, use the Julia Richman Educational Campus (JREC) entrance at 317 East 67th Street.

Audition Groups	Date	Start Time	End Time
Bronx, Manhattan, Staten Island	Saturday, 11/9/2013	8:00 AM	N/A
Queens	Saturday, 11/2/2013	8:00 AM	N/A
Brooklyn	Saturday, 10/26/2013	8:00 AM	N/A
Make-up Date for all Boroughs	Sunday, 11/17/2013	8:00 AM	N/A

When there is a conflict, you may audition on a date other than your borough date.

Overview

This is a small Career and Technical Education (CTE) high school with big dreams of helping students prepare for health careers in not only pharmaceuticals and dentistry, but also in many other science, technology, engineering, and math (STEM) areas. The focus on STEM helps students market their skills in the growing job industries. Our unique project-based instructional approach uses activities that engage students' interest and motivation as they solve problems, using an inquiry approach. These activities are designed to answer a question or solve a problem and generally reflect the types of learning and work people do in the everyday world outside the classroom.

Academic Opportunities

Program Highlights: Project-based Assessments, Elective Advisory Course called 'Rounds,' Community Internships (Junior and Senior Years).
Language Classes: As the school expands, we plan to offer Spanish and Mandarin.
Online Language Classes: N/A
Advanced Placement Classes: As the school expands, we plan to offer AP courses in Biology, Chemistry, Calculus, English, American History and Physics.

Overview

Unity Center for Urban Technologies is a small community of learners. We take pride in our nurturing environment where all students can reach their fullest potential. We stress the importance of a student-teacher connection, as the most effective way to provide guidance and support to all of our students. We strongly believe that our young people can develop and enhance their skills at their own pace, in a supportive setting. At Unity, students are engaged in a challenging and relevant Regents-based academic program that enables our students to successfully enter higher education programs and achieve their career goals. Unity's teachers and administrators examine all assessment data in order to develop alternative academic programs to strengthen student performance. We utilize Differentiated Instruction and technology to deliver a diversified curriculum, as well as arts programs that promote creativity and student engagement.

Overview

The Urban Assembly Academy of Government and Law (AGL) prepares students from diverse backgrounds and academic abilities to be lifelong learners. AGL meets students’ academic, social and emotional needs with a challenging curriculum and enriching extracurricular opportunities. As a government and law-themed school, AGL provides students with the skills to be ready for college and beyond, encourages civic engagement and develops leaders in the community.

Academic Opportunities

Program Highlights: At AGL, students take courses such as Law & Ethics, Forensics and Public Speaking in addition to courses that will prepare them for a Regents or Advanced Regents Diploma. All 9th grade students also attend a mandatory extended day program 3 days a week that includes academic support and extra-curricular clubs. 11th grade students have access to free SAT prep courses during the school day. Advanced students can take AP courses and College Now courses to earn college credit.

Overview

Our mission is to engage students through inventive problem-solving that integrates exciting technological innovations and the habits of mind that prepare them for college, careers, and life. Our graduates will be innovative thinkers able to use and apply cutting edge technology. Graduates will be both college and career ready, prepared in one of the three following fields: Digital Animation and Design, Information Technology & Systems, or Software Engineering & Programming. In addition to these specialized areas, students will engage in other fun and innovative technologies, including video filming and editing, audio production, engineering, gaming, software design, and robotics. Teaching and learning take place in a technology-rich environment with laptops available during and after school.

Academic Opportunities

Program Highlights: Digital Design and Animation, Information Technology & Systems, Software Engineering & Programming, Video Production and Editing, Interdisciplinary Technology Projects, Creating an ePortfolio, College Visits, Partner Site Visits/Project Days, Internships, College & Career Project-based Advisories, free college credits through College Now with Borough of Manhattan Community College (BMCC), Baruch College and Hunter College, National Honors Society, Work-based Learning Partnerships including Channel Thirteen, Polytechnic Institute of New York University (NYU), Hospital for Special Surgery, Iridescent Learning, Educational Video Center, Internship opportunities with corporate partners, Career Day, Summer Opportunities Fair, Peer Mentors

Overview

Urban Assembly New York Harbor School focuses on Marine Science, Marine Technology and Marine Policy. We believe in learning by doing. Students should expect to spend time outdoors in sites all over New York Harbor, in all seasons – rain, snow or sunshine. With our partners, we work to develop authentic activities on, around and related to the water that create a sense of responsibility and connection to New York Harbor and develop a new generation of maritime advocates, enthusiasts, workers and decision-makers. New York Harbor School’s location on Governors Island is easily accessible from lower Manhattan, Brooklyn and Staten Island.

Academic Opportunities

Program Highlights: Incoming students attend a week-long orientation program on Governors Island in the summer before 9th grade. All 9th graders take a year-long field class called Introduction to New York Harbor. At the end of 9th grade, each student chooses one of the following Career and Technical Education (CTE) programs of study in marine science and marine technology: Aquaculture, Marine Biology Research, Marine Systems Technology, Ocean Engineering (submersible robotics), Professional and SCUBA Diving and Vessel Operations. Each program of study concludes with a senior internship at a relevant maritime or marine-related business in the New York City area. Students graduate with a Regents diploma.

Overview

The Urban Assembly School for Emergency Management (UASEM) provides students with real-world learning opportunities. Students at UASEM have the unique opportunity to participate in career-related courses, internships, and emergency simulations with our partners Federal Emergency Management Agency (FEMA), American Red Cross, Department of Homeland Security, and many more. With help from our partners, we develop curriculum and activities in Emergency Management that create a sense of personal responsibility and empowerment among our students, parents, and staff. Students will develop specific leadership skills, learn how to use mapping and emergency response software, CPR, and recognizing and responding to hazardous materials as a few examples. Students who successfully complete their residency will receive a special industry certification and/or college-approved credentials on their high school diploma.

Academic Opportunities

Program Highlights: Courses in our three Emergency Management (EM) Career Pathways are: Emergency Management, Response and Recovery, and Emergency Technology and Communications, In 11th and 12th grade students choose a pathway, Participation in at least one major emergency simulation, Students can receive a special industry and college-approved credential on their high school diploma
Language Classes: As we expand, we plan to offer Spanish Native Language Arts.
Online Language Classes: Please contact the school for more information.
Advanced Placement Classes: As we expand, we plan to offer Biology, English Language and Composition, and Statistics.
Online Advanced Placement Classes: Please contact the school for more information.

Extracurricular Activities and Clubs

Peer Mediation, Peer Tutoring, Student Council, National Honors Society, Yearbook, PSAT and SAT Preparation, Step, Dance, Clubs: Drama, Art and Photography, Chess
PSAL Sports – Boys: Baseball, Basketball, Outdoor Track, Soccer
PSAL Sports – Girls: Basketball, Outdoor Track, Softball, Volleyball, Soccer
PSAL Sports – Co-ed: Bowling, Tennis, Weightlifting
School Sports: Intramural Basketball; Our students are eligible to participate in the Public Schools Athletic League (PSAL) program offered on the Graphics Educational Campus

Overview

The Urban Assembly School for Global Commerce (UASGC) provides students with a career-focused, college preparatory education in the business of global commerce. Our small size ensures that all students are well-known and strongly supported by their teachers both in and out of the classroom. Through frequent field trips and authentic career courses, students learn how to buy, sell and manage the shipment of goods around the world via planes, trains, ships and trucks, completing a full-time apprenticeship in their senior year. At UASGC, all students gain the knowledge, skills and industry certification to graduate with a Regents diploma, enter a two or four year college degree program or begin a high demand and lucrative career in the rapidly growing field of global commerce.

Academic Opportunities

Program Highlights: Regents-prep Curricula, Four Years of Career Coursework with Three Career Pathways, Industry Certification, Career Days, Work Site Visits, Job Shadowing, Paid Internships and Apprenticeships, Daily Advisory Program, Small Group Tutoring, Student Leadership Development, Driver’s Education

Language Classes: As we expand, we plan to offer Spanish and Spanish Native Language Arts.

Online Language Classes: Please contact the school for more information.

Advanced Placement Classes: As we expand, we plan to offer Biology, Calculus AB, Economics: Micro, English Language and Composition, and Physics.

Online Advanced Placement Classes: Please contact the school for more information.

Extracurricular Activities and Clubs

Peer Mentoring, Young Women’s Leadership Club, Young Men’s Leadership Club, Industry/Business Mentors, Student Advisory Council, Skills USA, Future Business Leaders of America, National Honor Society, Key Club, Peer Tutoring, PM and Saturday School. As the school grows, we expect to offer JROTC programs for interested students.

Overview

The Urban Assembly School for Green Careers (UAGC) prepares students both to attend college and to begin a career. We use an innovative curriculum called 'Learning Cultures' to accomplish this mission. Across all classrooms and content areas, students direct their own learning through coherent small group and whole class share structures. Following this unique set of social practices that nurture emotional well-being and personal agency while also providing the activities and resources necessary, Learning Cultures ensures that each child can rise to his or her potential.

Academic Opportunities

Program Highlights: Career and Technical Training integrated across the curriculum; Green Buildings Program (prepares students for college and careers in majors/fields such as Green Design, Construction, Architecture, Facilities Management, and Building Retrofits); Green Spaces Program (prepares students for college and careers in majors/fields such as Horticulture, Urban Forestry, Urban Agriculture, and Landscape Architecture); Advisory; Problem-based Learning; Career-related Internships; Career Placement Support and College Prep; students earn college credits through College Now, a tuition-free program.

Overview

The Urban Assembly School for the Performing Arts (UASPA) fuses performing arts instruction with a challenging academic curriculum. Performing arts breathes life into all core academic subjects. Students receive training in four areas of the performing arts: vocal music, instrumental music, theatre arts and dance. Students choose a major for their junior and senior years. The school culture emphasizes community and promotes the growth of artists, students and educators.

Academic Opportunities

Program Highlights: College preparatory coursework in English, math, the sciences and the humanities; apprenticeships for upperclass students to gain professional exposure to their artistic area of concentration.

Overview

We provide a high quality education to young women with an interest in business. We offer a Regents-based and business-themed curriculum in a supportive small school environment. We foster the development of socially conscious young women who will think independently and embrace diversity. Our students are exposed to all areas of business and career options through our Career Exploration classes and Partnership programs, such as the Power Luncheon Series, Career Days and Mentoring. We prepare our young women to become future business leaders and to succeed in a diverse and ever-changing business environment.

Overview

The Urban Assembly School of Design and Construction (SDC) prepares students for college and beyond through a challenging academic program with an emphasis on Architecture, Engineering, and Design. Students take a biweekly Design Seminar and visit architectural sites throughout New York City. SDC is committed to involving students and families along the path to college through a challenging academic program, frequent communication, college Advisory and extracurricular activities. These elements, in addition to our design program, create a supportive and challenging educational environment.

Academic Opportunities

Program Highlights: Four years of English, math, science and social studies required; minimum study of two years of Design Studio, which includes Introduction to Concepts of Architecture, Design and Engineering; Electives such as Music, Drama, Creative Writing and College Writing; Internships at firms in the Architecture, Engineering and Construction Management fields; Participation in the Sponsors for Educational Opportunity (SEO) Program and Architecture, Construction and Engineering (ACE) Mentor Program

Overview

Our school community is committed to helping our students become literate, articulate, analytical, reflective and empathetic citizens. Respect for self and others is central to achieving our goals. Our Advisory system maintains close ties with our students and their families. As a member of the Coalition of Essential Schools, we adhere to the principles of: small class sizes, longer block scheduling, shared planning and instruction, cooperative learning, project-based curriculum, portfolio-based assessment in classes and graduation. Class discussions and assignments adhere to the Coalition Habits of Mind: using evidence, investigating points of view, making connections and seeking relevance.

Academic Opportunities

Program Highlights: English/Social Sciences integrated Humanities in grades 9 and 10; History and Literature classes in grades 11 and 12; Four-year Science curriculum with Robotics, Living Environment, Chemistry, Physics, Epidemiology, and Biopsychology; Four-year Mathematics curriculum culminating in Advanced Placement (AP) Calculus; Studio Visual Arts featuring Painting, Digital Photography, Philosophy of Art, Furniture Making and Portfolio Preparation for art colleges; College Exploring beginning in the 9th grade; Two-year Reading and Writing Workshop Literacy Program; College Now; Creative Writing; Yoga; Weight Training; Internships.

Quality Review Score (2011): Developing

Overview

Wadleigh Secondary School for the Performing & Visual Arts is composed of five arts studios: Dance, Drama, Vocal Music, Instrumental Music and the Visual Arts. All students wishing to attend Wadleigh must audition for one of these studios. Students may be programmed for an Extended Day, as necessary, to fulfill both their academic and studio requirements. Our studios provide opportunities for our students to develop their talents in the arts as they pursue academic excellence. They will graduate from Wadleigh with a New York State Advanced Regents diploma.

Academic Opportunities

Program Highlights: Advancement Via Individual Determination (AVID), College Now, Saturday Academy, Financial Literacy, Literary Media Program, Homework Help

Language Classes: Spanish

Online Language Classes: N/A

Advanced Placement Classes: Calculus AB, English Literature and Composition, Environmental Science, Spanish Literature, Statistics, United States History, World History

Quality Review Score (2012): Well Developed

Overview

We are a small, nurturing environment for adolescents; a place where high expectations, excellent academic practices and dedicated faculty provide differentiated instruction to students. Our mission is to work with families to prepare each student academically, emotionally, intellectually and socially to succeed in college and beyond. Our unique internship program allows students to take advantage of partnerships with New York City organizations and businesses. Consider our school if you strive to become: a skilled problem-solver and effective communicator, adventurous and willing to take intellectual risks, and an active and positive contributor to the school and local community.

Academic Opportunities

Program Highlights: Expeditionary Learning Curriculum, Work-study Internships, Crew Advisory (12-15 students work with a staff member to receive leadership development, college prep and community building), intensive mini-courses to explore student's area of interest.

Language Classes: Spanish

Online Language Classes: N/A

Advanced Placement Classes: English Language and Composition, Spanish Language, Spanish Literature, Statistics; additional AP Courses as we expand

Online Advanced Placement Classes: N/A

Extracurricular Activities and Clubs

Academic Tutoring, Aerobics, Band, Baseball, Basketball, College Trips, Community Service Projects, Drama, Homework Help, School Newspaper, Student Government and Planning Committee, Track, Yearbook; Club offerings will expand based on school growth and student interest.

PSAL Sports – Boys: Baseball, Basketball

PSAL Sports – Girls: N/A

PSAL Sports – Co-ed: N/A

School Sports: Baseball, Basketball, Track. As our school expands, we will add additional Public Schools Athletic League (PSAL) teams.

Quality Review Score (2011): Proficient

Overview

The Young Women’s Leadership Schools (TYWLS) were established to nurture the intellectual curiosity and creativity of young women by supporting the “whole girl” in order to maximize academic achievement, social emotional well being, and postsecondary success. Our school is supported by Young Women’s Leadership Network and its CollegeBound Initiative in order to replicate the best practices of private and independent girls schools. TYWLS of East Harlem opened in 1996 as the first in the network. TYWLS strives to instill in students a sense of self-efficacy and community responsibility: characteristics which will support them as they become the leaders of the next generation.

Academic Opportunities
